PUBLIC HEARINGS

1. **APP2000-0009 - CASCADE ENFORCEMENT AGENCY (APPEAL OF HOP 2000-0002)**

An appeal of the Planning Director's approval with conditions of HOP2000-0002, which limits the number of commercial security vehicles stored at the premises. The applicant had requested to store multiple commercial security vehicles containing graphics and advertising for the applicant's business on the premises and in the public right-of-way in front of the premises. The appeal specifically addresses the condition of approval which restricts the number of vehicles and exterior display and advertising for the applicant's business. The site of the Home Occupancy Permit is located within the R-7 (Residential Urban Standard Density) zone. Map 1S1-26BB, Tax Lot 5200; 10435 SW Homestead Lane.

2. **CPA2000-0003 - COMPREHENSIVE PLAN TRANSPORTATION ELEMENT MODIFICATION**

CPA 2000-0003 amends the Transportation Element of the City of Beaverton Comprehensive Plan to clarify text and enable the inclusion of transportation projects in the City's Capital Improvement Program for funding even if they do not specifically appear in the Transportation Element's tables and figures. The projects in the Transportation Element were identified through the long-range transportation analysis that was performed during development of the City's Transportation System Plan. The projects that are listed in the Master and Action Plan improvement tables and mapped in the accompanying figures are improvements that are necessary for the City's transportation system to function adequately over the next 20 years with the projected increases in population and employment.
